ISO9001:2008, 14001:2004, OHSAS18001:2007

CIN NO. L25209DD1985PLC004694

Further as informed earlier your Company is pioneer in this field and being 100% EOU, largest exporter and a Star Export House. It has established its name as quality supplier in the international market as it is ISO 9001: 2008, ISO 14001:2004, OHSAS 18001:2007 and Oeko Tex Standard 100 Company.

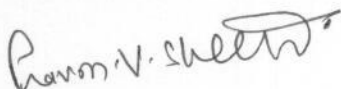

We are pleased to inform our shareholders that our Melt Blown Line will be despatched by Machinery supplier by the end of this month and we will start the commercial production by August 2017, which is much earlier than the targeted date of October 2017. We have worked hard for starting commercial production sooner than October 2017 because there is great demand for this product and our production is more or less booked by our present customers, at a very good price. This will result in increase in profitability to a great extent.

Mr. Pravin Sheth, Chairman & Managing Director of your Company said that we must congratulate our team in the field of Research and Development Department and technicians involved in production as also marketing teams for untiring efforts, which has given us success. Their continuous efforts and heavy order book position has encouraged the Board of Director to take up immediate expansion programme along with diversification of products in the Technical Textile Segment and good progress is made in this direction.

Thanking you,

Yours faithfully,

For FIBERWEB (INDIA) LIMITED

Pravin V. Sheth

Chairman & Managing Director
